LP135n

FEATURES

The Lanier LP135n Printer delivers the speed, image quality, and heavy-duty reliability workgroups need to complete every print job quickly and devote more time to critical tasks. This network-ready monochrome laser printer easily handles presentation materials, graphic design layouts, data-intensive spreadsheets, and other 11" x 17" documents that must be printed at full size. It features industry-standard compatibility and remote management tools, so it is an ideal network device. Plus, its compact footprint and optional wireless interface let you locate the printer exactly where you need it to achieve maximum workgroup efficiency.

Productive 11" x 17" printing

- Prints up to 35 pages per minute
- Up to 1200 x 1200 dpi resolution
- Optional duplexing at 35 ipm saves paper and filing space
- 6.5 seconds to first print
- Holds up to 1,600 sheets

Embedded administration tools

- Remote operator panel provides at-a-glance access to printer settings from a desktop interface, for effective troubleshooting
- Web SmartDeviceMonitor allows you to check status, monitor paper and toner, manage print queues, and reset the printer from a Web browser
- Alert function notifies an administrator via email when paper or toner runs low, the system goes offline, or a component is about to exceed yield

Easy, plug-and-play compatibility

- Network-friendly design integrates with all major platforms
- USB 2.0 support enables quick connectivity to desktop and mobile PCs
- IP over 1394 allows high-speed data transfer
- Integrated 10/100 Base-TX Ethernet interface
- Optional wireless LAN interfaces meet Bluetooth and IEEE 802.11b standards for easy networking
